Along with the Release of PDFCreator 2.2.0, we have also published PDF Architect 4, the next version of our full-featured PDF editor. The new PDF Architect loads faster than ever and the new hibernate mode will not fully shut down PDF Architect when closing the application, but will leave a small process running.

### **PDFCreator 2.2.0 released - pdfforge.org**

The systems architect is a professional figure in information and communications technology. Systems architects define the architecture of a computerized system (i.e., a system composed of software and hardware) in order to fulfill certain requirements. Such definitions include: a breakdown of the system into components, the component interactions and interfaces (including with the environment ...
