The Red Book of Endangered Languages was published by UNESCO and collected a comprehensive list of the world's endangered languages. It has been replaced by the UNESCO Atlas of the World's Languages in Danger

### **Red Book of Endangered Languages - Wikipedia**

UNESCO's Atlas of the World's Languages in Danger is intended to raise awareness about language endangerment and the need to safeguard the world's linguistic diversity among policy-makers, speaker communities and the general public, and to be a tool to monitor the status of endangered languages and the trends in linguistic diversity at the global level.

*Cedrus atlantica*, the Atlas cedar, is a cedar native to the Atlas Mountains of Morocco (Middle Atlas, High Atlas), to the Rif, and to the Tell Atlas in Algeria. A majority of the modern sources treat it as a distinct species *Cedrus atlantica*, but some sources consider it a subspecies of Lebanon cedar (*C. libani* subsp. *atlantica*)

The development of a theoretically sound concept is an important challenge to unfold the potential of social innovation. Defining social innovation as a new combination or figuration of social practices allows integrating the many different (and sometimes conflicting) meanings of social innovation and offers a new perspective on the multiplicity of the concept of social innovation.
